Skyfire Stud Service Contract

Our boys are available through shipped semen only. All breeding costs including, progesterone testing, boxes, extender, collection fees (if any), shipping, and whelping are the bitch owners' responsibility.

Stud fee shall be a total of \$1400 with a \$400 service fee due at time of breeding (prior to shipping). Balance of \$1000 is due within three weeks of the birth. A litter consists of two live puppies at three days of age. Litter registration will be approved upon receipt of entire balance due. If the bitch fails to conceive, this transaction is to be considered final with no further obligation on either party's part.

The bitch owner agrees to the following:

- The owner/caretaker of the brood bitch agrees to provide adequate care for her and all puppies
- Puppies will not be sold, given to, or otherwise transferred to any retail outlets, auctions, silver breeders, brokers or known puppy mills.
- Any puppy not kept, or co-owned by the bitch owner, or sold into a competitive show/performance home will be sold on limited registration.
- The bitch this breeding is to be used on is not silver, charcoal, champagne or otherwise titled 'dilute' colored.

To complete this breeding agreement, we require from you (unless otherwise agreed upon):

- A photocopy of your bitches AKC or CKC registration.
- A four generation pedigree.
- A photocopy of the following tests for your bitch:
 - OFA hip certification
 - OFA elbow certification
 - Current w/i the last 12 mo eye exam
 - Results of dilute dna test
- A photo of the bitch.
- Completed Bitch Information Sheet (pg. 2)

I have read, understand and agree the conditions of the contract as stated above. Should it be found that I misrepresented my bitch through registration number, titles, clearance information, or dilute status I agree to pay damages in the amount of \$5000 to Stephanie Harris, Skyfire Labradors.
